

HB 2305 -- Paper Reduction in Government

Sponsor: Lampe

This bill requires the Revisor of Statutes to make all copies of laws, resolutions, and constitutional amendments and measures available electronically to the public and repeals the requirement to distribute a printed copy to members of the General Assembly, county clerks, circuit judges, prosecuting attorneys, and sheriffs. The provisions requiring the revisor to distribute bound copies of the Revised Statutes of Missouri to state departments, judges, libraries, members of the General Assembly, State Historical Society, counties, and colleges and universities of the state are also repealed.

The Secretary of State must publish the official manual of Missouri every four years instead of the current biennially, and all required state agency reports are to be submitted in an electronic format only. All bills, resolutions, and amendments of the General Assembly must be available electronically and printed only upon request.
