## DIGEST

Present law prohibits a person who has been granted a license for conducting riverboat gaming, conducting gaming activities at the official gaming establishment, or who has been granted a license for the placement of video draw poker devices in his truck stop facility from cashing or accepting, in exchange for the purchase of tokens, chips, or electronic cards the following:

- (1) An identifiable employee payroll check.
- (2) Any document evidencing or stating title to or ownership of, whether unencumbered or encumbered by a privilege, mortgage, or security interest, any classification of motor vehicle, manufactured home, or immovable property, including any building or dwelling situated therein.
- (3) A check that represents a Family Independence Temporary Assistance Program (FITAP), Temporary Assistance for Needy Families (TANF), or supplemental security income payment.

Proposed law retains present law but further prohibits an extension of a line of credit or advance of anything of value to any patron for purposes of gaming.

Present law prohibits an owner of an eligible facility who has been granted a license to operate slot machine gaming or his employee from cashing or accepting an identifiable employee payroll check in the designated slot machine area and provides for a penalty of not more than six months or a fine of not more than 5,000, or both upon conviction.

Proposed law retains present law but further prohibits an extension of a line of credit or advance of anything of value to any patron for purposes of gaming at an eligible facility.

Present law provides that the placement of automatic teller machines on the premises of a qualified truck stop facility is not prohibited.

Proposed law deletes the authorization for placement of these machines on the premises of qualified truck stop facilities.

Proposed law prohibits a bank, financial institution, or other business entity or individual operating an automated teller machine from locating such machines on the premises of a licensed riverboat, on the premises of the land-based casino, on the premises of a licensed qualified truck stop facility, and on the premises of an eligible facility licensed to conduct slot machine gaming.

Proposed law provides for a 60-day period from the effective date of proposed law for banks, financial institutions, or other business entities or individuals to stop operation of automated teller machines and provides for a penalty of \$1,000 a day for operation thereafter.

Proposed law defines an "automated teller machine" as an electronic information processing device located in this state which accepts or dispenses cash in connection with an account or credit card.

Effective upon signature of the governor or lapse of time for gubernatorial action.

(Amends R.S. 27:101(B), 266(B), 306(A)(5)(b), and 322(B); adds R.S.6:423.1 and R.S. 27:101(C), 266(C), 322(C), and 375(F))
